Complaint

On this day of September, 25, 2023, I William E Vukich stop at the N.B. Police department to check on the status of my fiancées stolen German sheppard Dog "ROXIE".

ROXIE was taken from 433 9th Ave New Brighton ON OR around September 4th. I filed a report on the 12th of September and also asked the owner where our dog was. He responded by saying "IN Sharon, Pa. At one of Lenny's friends, and gave me the phone number. Which the NBPd has from the text messages Walt sent to me.

Now on September 25, 2023 the NBPd tell me that this is not a police matter. I call and ask to speak to the Chief. Same officer calls me back and

tells me the same thing AND that the chief is going to tell me the same thing.

A. Dereliction of duty

B. Racism

B. Color of skin

IF not the police department then who?
I'd be wrong if I handled this myself.

This is the truth and this statement is also true.

Something needs to be done!
